

LED Light Bars

with BoardFree Technology

Options

- Versatile Mounting Options
- Single color options
- Custom optics

Rated IP67

- 9-16 DC Voltage
- 56-100 Lumens
- Multiple Color Options

Designed with Durability in Mind

- Fully sealed electronics
- Shock and vibration resistant
- Corrosion resistant
- Advanced thermal management

LED Light Bars.

Our LED light bars offers the versatility and design flexibility to fit many lighting applications. From motorcycles, ATVs, boats, heavy equipment, landscaping and hardscaping, there are countless ways this durable light may be used.

LED Light Bar ■ Details

Styles

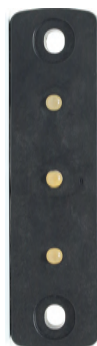

Snap-In LED Light Bar

- 9-16 DC Voltage
- 62mm x 24mm
- 6500K LED cool white

Standard White 3 Bar

- 9-16 DC Voltage
- 80mm x 20mm
- 6500K LED cool white

Uniform LED Light Bar

- 9-16 DC Voltage
- 80mm x 20mm
- 6500K LED cool white

Standard Blue 3 Bar

- 10-14V DC Voltage
- 80mm x 20mm
- Blue LED

License Plate Light Bar

- 9-16 DC Voltage
- 80mm x 20mm
- 4000K LED cool white

Task 3 LED Light Bar

- 9-16 DC Voltage
- 80mm x 20mm
- 4000K LED cool white

6 LED Work Light

- 9-16 DC Voltage
- 80mm x 20mm
- Integrated heatsink
- 5000K LED cool white
